Subject: Final Population Estimate 67236 Washington County portion of the City of Hartford: 15,571 residents

Dear Municipal Clerk:

The final estimate of the January 1, 2019 population for the Washington County portion of the City of Hartford is 15,571.

Approximately 11,595 of the estimated population for the Washington County portion of the City of Hartford are of voting age. This approximation is a courtesy estimate that helps you comply with Wisconsin Statute 5.66, which requires municipal clerks to approximate the number of electors prior to elections. The voting age population was calculated by applying the 2010 Census proportion of persons age 18 and over to the final January 1 estimate, and then multiplying the result by a state-wide factor to account for the general aging of the population. Please note that, if you have an adult correctional facility in your municipality, its population is included in this voting-age estimate.
