

# Show Me the Savings!

Kathy had a nagging shoulder injury, and her doctor said she needed an MRI. She wanted to know where she could go, so she called her DirectPath Advocate!

Kathy's Advocate went right to work, researching her options and compared 3 locations for her MRI:

The local hospital  
was \$1,950

The clinic was \$1,325

The free-standing  
MRI facility was \$750.

**Kathy could save \$1,200 by going to the free-standing facility!**

## REMEMBER

Whether you have a \$500 deductible or a \$1,500 deductible, it's your money—make the best use of it.

Call your DirectPath Advocate for a Transparency Report!
