Welcome

As our staff is preparing this Summer Activity Guide we are like so many others who are managing and planning operations through these uncertain times of the COVID-19 pandemic. I am writing this welcome working from home today, a place that allows for me to use social distancing practices during the time that is likely to be the peak of the virus cases and spread in our area. I want to share general thoughts as you consider the days, weeks and months ahead concerning Parks and Recreation services.

I have been communicating with colleagues from nearby communities as well as following social chats and discussions from both State and National Park and Recreation Associations regarding the range of shutdowns and social distancing in our community park and recreation services. In most cases we are managing similar as it concerns limited park use and the shutdown of recreation programs and indoor facilities. Some agencies are already delaying summer programs and will have later start dates or proceeded with canceling June programs/events. There will be challenges to prepare facilities and organize staff to operate once we do know we can resume at partial or full operations. You will see as you page through our guide that we have done minimal to change the start dates for summer programs and this includes the opening of our Veterans Memorial Aquatic Center. We hope we can maintain that schedule but ask for your understanding as changes are probable. We just don't have clear information or direction for where we will be at weeks from now. We will use social media and the City website to get new information out as quickly as possible.

There was a common message among the Park and Recreation professional's over the past weeks of this pandemic which is that our parks remain open for passive recreation. Group gatherings are not permitted and sports programs in these parks are not taking place but we are experiencing an abundance of park users who look for healthy ways to be active, relieve stress and feel better while maintain social distance. The value of our community parks and developing passive recreation facilities such as trails, disc golf, gardens, community bike paths and general open space is evident now more than ever. We hope you use these spaces at this time and recognize the value they provide and with that understanding of how they have helped many of us at this time will support future developments for passive recreation in our community parks. Wishing good health and the best to everyone in the weeks and months ahead.

REGISTRATION

Residents can begin registering on Wednesday, April 15

Non-Residents can begin registering on Monday, April 20

If you wish to register for more than one session, please register for the level the child is currently at. Most children require taking a level more than once in order to successfully complete the requirements for the level. If your child does pass, and you have already enrolled them in that level again, please call the office immediately so we can attempt to transfer the child to the next level. If we are unable to move the child to the next level, you are welcome to re-take the class they have passed or get a complete refund. It is easier to move a child ahead if they do pass, then move them back if they do not, but it is not a guarantee.

Only the parent or legal guardian can register their children. Friends, neighbors, relatives or childcare providers will not be allowed to register children other than their own.

GENERAL INFORMATION

• REGISTRATION POLICY

To register for a program, the Recreation Office needs a registration form signed by a parent (if program is for a minor) or the adult participant. Friends, neighbors or relatives can not register for others. Payment with the completed registration form is also needed. The Recreation Office can not accept credit card numbers by phone - Master Card or Visa only. Registrations can be mailed in, put in the drop box outside the Recreation Center's front door, done in person during office hours, or faxed in.

• NON-RESIDENT FEES

The Hartford Parks and Recreation Department operates by two primary financial sources - City property taxes and program/facility fees. Taxes pay for the majority of daily operations and maintenance, yearly capital projects and debts for large construction projects such as the Recreation Center. City Property Tax is paid whether or not an individual participates or uses the facilities of the Department. The non-resident fee concept is intended to apportion to non-residents an equalized fee so that they contribute to the overall financing of the Parks and Recreation Department. To clarify, a City Resident is a person who pays City of Hartford Property Taxes AND votes at the City Hall.

Annual non-resident passes can be purchased to cover the cost of the non-resident fee on programs. Passes do not cover non-resident fees on memberships, daily fees or rentals. By purchasing this pass, a non-resident would pay the resident fee for programs. See the E-Z Registration Page for pass prices.

• CAN I WATCH?

Please do not remain in your child's class, unless otherwise approved by the instructor. Experience has shown it is distracting to the participants and instructor. The final class may be observed by parents or other non-participants. If you wish to discuss your child's progress with the instructor, please let the office staff know. They will have the instructor contact you.

• REFUNDS/CANCELLATIONS

- *Department Cancels Program* - Full refund will be issued. Refunds are mailed within 2-3 weeks.
- *Participant Cancels 2 Business Days*

Before Program Begins - Refund less \$5.00 service charge unless it is for a medical reason, in which case a full refund will be issued. Doctors excuse may be required. Refunds are mailed within 2-3 weeks.

- *Participants Wishes to Change Class, Day/Time* - If there are openings in another class day/time of the same program, changes can be made with a \$5.00 transfer fee which will need to be paid before the transfer can be made.
- *Memberships*- Memberships are non-refundable.

• INSURANCE/LIABILITY

The Hartford Parks & Recreation Department does not provide hospital/medical insurance coverage for people participating in sponsored activities and cannot assume responsibility for injury to any participants in its recreation programs. Participants are encouraged to obtain their own insurance coverage prior to the start of the program and to consult with a physician before participating in any strenuous activity.

• WAITING TO REGISTER KILLS PROGRAMS

The program's description has a Register Before date. If the Department has not reached the minimum enrollment by that date, the program will be cancelled. Please, don't wait to register.

• TO ERR IS HUMAN

The Parks and Recreation Department works hard to ensure each program guide is free from errors. However, there are times when errors or changes in dates, times, rates or registration information do occur. We will do everything possible to correct such errors and inform you of changes. We thank you for your understanding when these situations arise.

• SAY CHEESE

Occasionally photographs will be taken of participants and activities and may be used for promotional purposes. If you do not wish to have your photograph taken, please convey this to the photographer and/or instructor.

• MEDICAL INFORMATION

If there are any medical conditions the instructor should be aware of, the participant or a parent of the participant should talk to the instructor at the first class.

• AMERICANS WITH DISABILITIES/NON-DISCRIMINATION

The Hartford Parks & Recreation Department welcomes individuals and families from our community to participate and enjoy programs and facilities regardless of race, national origin, ancestry, creed, marital or parental status, age, religion, gender, national origin or ability. If you have a disability and would like information and support for accessibility of programs and facilities, please give us a call, 262-673-8226.

• LOCKER ROOM RULES

- The Recreation Center has locker rooms and lockers available for daily use. We do not allow overnight locking. Locks and items left in lockers overnight will be removed.
 - Children age 3 and under may accompany an adult into either the mens or womens locker room.
 - Family changing area is to be used by adults with opposite gender children ages 4-7 or by persons with disabilities.
 - Children ages 7 and older and adults must use either the mens or womens locker room based on their gender. Please leave the family changing areas open to those with small children and those with disabilities.
 - The Department is not responsible for lost items.
- ## • RECREATION SCHOLARSHIP PROGRAM
- The Recreation Scholarship program provides City of Hartford resident youth the opportunity to participate in programs where a financial hardship exists. The process requires that parents fill out an application and provide supporting materials to determine eligibility. Information concerning the annual scholarship amount will be discussed at the time of completing the application and determination of eligibility.
