

March 31, 2019

Chief David Groves
(and all the officers of the Hartford PD)

We hope this letter finds you and your families doing well.

The leadership at Peace Lutheran Church and School would like to offer a sincere thank you to you and your department. On days of worship and throughout the course of our school week our members have grown accustomed to seeing a squad car in our parking lot or an officer walking into our school atrium or church gathering space. The representatives of your department have been nothing but professional, kind and courteous.

We are grateful for the efforts you have taken to protect our community and in particular make our places of worship as safe as possible. Your commitment to the community and your service to our congregation does not go unnoticed or unappreciated. Thank you. We thank the Lord for the civil servants he has given this community. We thank the Lord for you.

May the Lord provide you and your workers with good health, good hearts and, may he keep you safe.

Your friends at Peace Lutheran Church and School
