

Thank You

**POLICE CHIEF
GROVES**

Dear Chief Groves,

Thank you for taking the time to read to us and to talk about your career as the Police Chief. We enjoyed the stories and learned a lot.

We can tell that reading is very important in your job, and we are working hard to become better readers.

We are also working on the skill of summarizing. That would be helpful if we were police officers and needed to write all those reports! Maybe one day some of us will work for the Hartford Police Dept. and get to drive some of the coolest cars around and play with Cash.

Thanks again,

Dear Chief Groves,

Thank you for choosing the Schauer Center as the destination for your 2013 Mini-Academy. We enjoy hosting officers from across the state and around the region for this week-long conference. Having our spaces filled with people during the work week is truly wonderful and something we're aiming to do more of on a regular basis.

In addition to having our spaces filled with people strengthening the skills needed for their careers, we are happy to be able to give back to the Hartford Community by working with you to make this event happen. We take pride in our community and are glad to support it as much as we can.

We look forward to working with you to make this conference an even greater success for years to come.

Sincerely,

Chief David A. Groves
Hartford Police Department

Dear Chief Groves,

First of all, let me thank you for your department's handling of the vandalism which occurred on March 15th of this year at our church building. We have been thankful for the way that your officers conducted themselves in the midst of our trial. They were professional, yet personal, concerned, yet compassionate. Their response to the call and follow up during the day was truly commendable. Please thank your entire department for us.

Thank you also for placing a call to me when you had the defendant in custody. That meant much to me that you would make sure that you personally notified me. Your comment that "God is Good!" was also a great reminder to my heart. Thank you.

We are in the process of working through the job of taking quotes on the damage and getting repairs done. We have been told by the companies that we have contacted that even the stained glass can be put in order, as if nothing had happened. It will take time, but we are thankful that no one was hurt, and no further damage was done.

I have already been contacted by the Washington County District Attorney's Victim Witness program, and they have been contacted by our insurance company as well.

Thank you, again, Chief, and may God protect you and your officers as they maintain the peace and order that we enjoy.

In Christ,

Rev. Michael R. Gordon
Pastor

Dear Jim-

7/12

Thank you (and Sean) for doing such a great job during the radio interview yesterday in Hartford.

I'm impressed by your work and dedication to the youth and the Exploring program. Keep up the good work!

Best regards,
Chris !!

The Council

August 5, 2013

Dear Chief Groves,

My name is Kristen Wolfgram and I work for The Council on Alcohol and Other Drug Abuse. I have had the pleasure of meeting you a time or two, but just briefly. I am writing to you today about one of your officers, Eric Rasmussen.

I have had the pleasure of working with Eric over the past few years, due to his roll at Hartford Union High School as Liaison Officer. I say pleasure because Eric is so supportive of all efforts of the Council on AODA, as are many of your officers! Eric is willing to partner with me whenever I give parent presentations at the high school or middle school, to promote the Parent Pledge Directory, and to work during Snowed in at the Movies. I often talk with him about different prevention efforts and what more we can do together for the Hartford community. Not only is he supportive but he is excited to be involved.

Eric also does an excellent job when we conduct the alcohol compliance checks in Hartford. He is professional, while at the same time is really able to put the kids that volunteer at ease. He is a great role model to them, but also connects with them and has fun with them. I admire how at high school registration he tries to introduce himself to every family and to encourage kids to come in and talk to him. He stresses how he is there to "help" them, and I know he means that.

I am sure you already know this, but Hartford is very lucky to have this man working for their community. Just wanted you to know how much I enjoy working with him, along with Lieutenant MacFarlan and Sergeant Zywicki, and how thankful we are for their support and the constant support of the entire Harford Police Department!

Sincerely,

Kristen Wolfgram, Community Coordinator
Council on Alcohol and Other Drug Abuse of Washington County
